**Re: Reaffirmation of Aviation & Occupational Medicine as a Designated Provider**

Please accept this letter as our Notice of Designated Medical Provider, AND ensure that our account is credited the 2.5% designation discount for this and all future policy periods.

We have historically selected Aviation & Occupational Medicine (Vendor #113840) to be one of our designated medical providers. In response to your recent communication regarding this designation, we are hereby re-affirming our choice to designate Aviation & Occupational Medicine/Michael Ladwig MD, for this and all future policy periods, UNLESS we reach out ourselves to change that designation.

We do not authorize Pinnacol to replace them with any other provider at this or any other time in the future. If they have been removed from our list of providers, please reinstate them immediately.
